Important Questions	Answers	Why This Matters
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	This plan does not have a deductible .	This plan covers all covered items and services with no deductible but a copayment or coinsurance may apply. This plan covers certain preventive services without cost-sharing . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	For medical and prescription drug expenses, \$6,600/individual; \$13,200/family .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billed charges, and services this plan does not cover do not count toward the out-of-pocket limit .	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of in-network providers , see www.bluecrossca.com or call the Administrative Office at 1-800-267-3232 . For a list of in-network substance abuse providers , call the Administrative Office at 1-800-267-3232 . For more information on the Teamsters' Assistance Program ("TAP") visit www.tap-program.org , or call TAP at 510-562-3600 (1-800-253-8326 if outside the SF Bay Area) .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
